Hi, my name is Valerie Remaker and I am a junior double majoring in Human Centered Design & Engineering (HCDE) and Psychology at the University of Washington. I really love this combination of fields of study, because as designers and engineers, we design for human needs and desires, rather than designing for optimized machines and or algorithms.

An urgent manifesto and a dramatic memoir of awakening, this is the story of revolutionary love. "In a world stricken with fear and turmoil, Valarie Kaur shows us how to summon our deepest wisdom."--Elizabeth Gilbert, author of Eat Pray Love How do we love in a time of rage? How do we fix a broken world while not breaking ourselves? Valarie Kaur--renowned Sikh activist, filmmaker, and civil rights lawyer--describes revolutionary love as the call of our time, a radical, joyful practice that extends in three directions: to others, to our opponents, and to ourselves. It enjoins us to see no stranger but instead look at others and say: You are part of me I do not yet know. Starting from that place of wonder, the world begins to change: It is a practice that can transform a relationship, a community, a culture, even a nation. Kaur takes readers through her own riveting journey--as a brown girl growing up in California farmland finding her place in the world; as a young adult galvanized by the murders of Sikhs after 9/11; as a law student fighting injustices in American prisons and on Guantánamo Bay; as an activist working with communities recovering from xenophobic attacks; and as a woman trying to heal

from her own experiences with police violence and sexual assault. Drawing from the wisdom of sages, scientists, and activists, Kaur reclaims love as an active, public, and revolutionary force that creates new possibilities for ourselves, our communities, and our world. See *No Stranger* helps us imagine new ways of being with each other--and with ourselves--so that together we can begin to build the world we want to see.

"We have entered a new era in America--dangerous, divided, and uncertain. In a moment when people are hungry for meaningful ways to respond to the ascent of nationalism, polarization and hate in the U.S. and around the globe, this book answers the central question of our time: How do we love in a time of anger? How do we love those who hurt us? How do we love those who are different from us, whose race or religion or politics we do not understand? How do we love people who are targeted by laws, policies, and violence? And how do we love ourselves? ... Grounded in Kaur's dramatic personal journey of practicing love in the face of political oppression, sexual assault, wrongful arrest, detention, racism, and murder, this important and timely book shows us a way to build movements that do not leave anyone behind. In an era defined by rage, revolutionary love is perhaps our greatest form of civil disobedience"--

Valerie Martin's *Property* delivers an eerily mesmerizing inquiry into slavery's venomous effects on the owner and the owned. The year is 1828, the setting a Louisiana sugar plantation where Manon Gaudet, pretty, bitterly intelligent, and monstrously self-absorbed, seethes under the dominion of her boorish husband. In particular his relationship with her slave Sarah, who is both his victim and his mistress. Exploring the permutations of Manon's own obsession with Sarah against the backdrop of an impending slave rebellion, *Property* unfolds with the speed and menace of heat lightning, casting a startling light from the past upon the assumptions we still make about the powerful and powerful.

First Digital Edition; Grier Rating: A\*\*\* Frances has been married to Bill for many years. Their son, Bob, is in high school. Frances had been left alone too often. Bill's occupation with business, his insensitivity, his indifference had drained their marriage of meaning and warmth. Yet, it never occurred to her to think of divorce or to have an affair with another man. It was easier to shut herself off from all desire, all feeling. It was like being dead but it was safe. Then she met Mary Baker Bake, for short. Bake with her dark, knowing eyes, her young body, so alive, so full of passion and hunger. Shy Frances is drawn to Bake immediately and accepts her invitations for socializing which leads to a certain amount of drinking and flirting. Before long, the relationship becomes much more than just a friendship the two fall hard for each other and Frances becomes Bake's girl. It's not a smooth road for them, though, as Frances is married still living at home with Bill and her son. With Bake's encouragement, Frances regains strength as an individual and finds employment outside of the home. The independence she gains as a result of having her own money does wonders for Frances. A diabolically twisty, psychologically unsettling novel about a woman with no recollection of her past from the authors of the Reese Witherspoon Book Club pick *The Last Mrs. Parrish* and *The Wife Stalker*. "Jaw-dropping twists with an unsettling edge that you'll need a few days at the beach to recover." Reese's Book Club Addison is about to get married, but she's not looking forward to the big day. It's not her fiancé; he's a wonderful man. It's because Addison doesn't know who she really is. A few years ago, a kind driver found her bleeding next to a New Jersey highway and rescued her. While her physical wounds healed, Addison's memory never returned. She doesn't know her real name. Or how she ended up injured on the side of a road. Or why she can't shake the notion that she may have done something very, very bad . . . In a posh home in the Boston suburbs, Julian tries to figure out what happened to his loving, caring wife, Cassandra, who disappeared without a trace two years ago. She would never have left him and their seven-year-old daughter Valentina of her own free will—or would she? As these two lives intersect, *The Stranger in the Mirror* hooks readers with riveting drama, told with Liv Constantine's hallmark blend of glamour, tense psychological thrills, and jaw-dropping twists.

Bill Simmons is a man in the western tradition who, after losing his first wife to death, has an opportunity to start over and correct the mistakes of his past marriage. Valerie Dobbins is a younger professional who realizes that, in meeting Bill, she is trusting a man for the first time in her life. She sees in Bill a man that has the adventurous spirit she seeks in a relationship. But as much as she is drawn to Bill, she feels conflicted about moving forward as she struggles to overcome a devastating event in her childhood. *The Red Mill Series* is a trilogy about dating with differences in life, courtship and marriage, and a woman's struggle of trying to fit into another family's life as a new wife and mother. The question that remains to be answered is, "How does suffering fit into God's will for our lives?" *Winter's Edge* is the first of an ongoing series about love, God's plan for our life and preparing us through suffering for a future ministry.

From the author of *THIN IS THE NEW HAPPY* comes a hilarious new memoir about embracing your Inner Hater. In the midst of a health and career crisis, Valerie uncorks years of pent up rage, and discovers you don't have to be happy to be happy. You don't have to love everyone else to like yourself. And that your Bitchy Twin might just be your funniest, most valuable and honest ally. "The hate in you has got to come out." After being advised to reduce stress by her doctor, humorist Valerie Frankel realized the biggest source of pressure in her life was maintaining an unflappable easing-going persona. After years of glossing over the negative, Frankel goes on a mission of emotional honesty, vowing to let herself feel and express all the toxic emotions she'd long suppressed or denied: jealousy, rage, greed, envy, impatience, regret. Frankel reveals her personal History of Hate, from mean girls in junior high, selfish boyfriends in her twenties and old professional rivals. Hate stomps through her current life, too, with snobby neighbors, rude cell phone talkers, scary doctors and helicopter moms. Regarding her husband, she asks, "How Do I Hate You? Let Me Count the Ways." (FYI: There are three.) By the end of her authentic emotional experience, Frankel concludes that toxic emotions are actually good for you. The positive thinkers, aka, The Secret crowd, have it backwards. Trying to ward off negativity was what'd been causing Frankel's career stagnation, as well as her health and personal problems. With the guidance of celebrity friends like Joan Rivers and psychic Mary T. Browne, Frankel now uses anger, jealousy and impatience as tools to be a better, balanced and deeper person. *IT'S HARD NOT TO HATE YOU* sends the message that there are no wrong emotions, only wrong ways of dealing with them.

First Digital Edition; Grier Rating: A\*\*\* Frances and her new husband, Bill, have recently moved to the Midwest to set up house in 1960s suburbia.

Frances meets Erika at a bookstore and is drawn to her immediately. The two women soon begin spending time together and before long, Frances falls head over heels in love with Erika. Fortunately, Erika also fancies Frances and the women embark on a passionate love affair. Frances realizes she has never loved anyone as much as she loves Erika. Will she have the courage to extricate herself from a loveless marriage and make a life with Erika? Once again, novelist Valerie Taylor solidifies her position as one of the premiere writers in the Lesbian Pulp Fiction genre. Certainly few can match her dramatic realism and artistic sensitivity when writing about this subject matter.

Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller *Outliers*, offers a powerful examination of our interactions with strangers—and why they often go wrong. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? *Talking to Strangers* is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times.
