Master Modeler is a Kodansha International publication.

Ideal for beginning scale modelers, this introductory book answers all the basic modeling questions about tools, kits, glues, decals, paints, and much more. Contains basic but detailed information and high-quality projects. From the pages of FineScale Modeler magazine.

This book provides the reader with the full and unvarnished story of the origins, development, decades of service and combat history of the Chieftain Main Battle Tank. The text is interspersed with numerous photographs, many published for the first time, alongside color profiles and scale plans, including those of rare and unusual variants. It also relates the experiences of the crews who lived and worked on the Chieftain, often described in the irreverent style typical of British Army humor.

This most innovative of Harley books carefully explains the variety of custom options available. Step-by-step guides show how to customize every component frame, wheels, engine, body work, exhaust, intake, handlebars, and how to finish to professional standards by chroming, polishing, painting, and sandblasting. Each step is detailed by full color photographs.

Peter Holthusen recalls the challenges, dangers, disappointments, tragedies and triumphs that have characterized record-breaking attempts from the very beginning. Holthusen reconsiders the famous careers of Frenchman Camille Jenatzy and Leon Serpollet William K. Vanderbilt Jr., the Honorable Charles Rolls, Henry Ford, Barney Oldfield and Louis Chevrolet, who were among the great sporting legends of their time and he relives the more recent rivalries of a later generation. He asks why these exceptional individuals are prepared to risk their lives and their fortunes in order to become the fastest man on earth.
