Besides building engines for vehicles used in road transport, transport by rail or in the air, Renault was also a considerable time occupied with building marine engines. Under the name Renault Marine, many, mostly diesel-driven engines, were delivered for various kinds of shipping applications. Several kinds of engines, depending, of course, on the size of the boat and the required power, came available.

Bibliomania: Bibliomania gives readers over 2,000 free classics, including literature book notes, author bios, book summaries, and study guides. Free books are presented in chapter format.

Renault Couach Marine Engine - pompahydrauliczna.eu

The engine is a 12hp 2 cylinder diesel by Drofin / Renault Couach. I suspected the head gasket to be defective, so I pulled the cylinder head and had a look. The head gasket looks actually quite good, no obvious defects. But there is a lot of soot buildup. The engine has seen less than 100 hours of run time since someone did maintenance and supposedly replaced the gasket.

Renault Couach Marine Engine - givelocalsjc.org

You may have an early Couach marine engine which was manufactured in Arcachon , FR. Couach and Castelnau were early boat builders in Arcachon. Both made marine engines and had foundries. Sometime in the 30's I believe they stopped making their own engines. Couach appears to have begun buying engines from Renault while Castelnau ceased production.

Renault Couach Marine Engine - SIGE Cloud

The Renault RC small engines were nice little engines, and yes, they were involved with Nannidiesel. I used to work on these Renaults when I first started as Duffields of Norwich were the first UK importers for Nannidiesel. (the ideal man who know these engines very well is Donny Myhill, but he is possibly over 70yrs old now & retired ages ago!!)
