THE INSTANT NEW YORK TIMES, USA TODAY, AND WALL STREET JOURNAL BESTSELLER From New York Times bestselling author Jay Kristoff comes Empire of the Vampire, the first illustrated volume of an astonishing new dark fantasy saga. From holy cup comes holy light; The faithful hand sets world aright. And in the Seven Martyrs’ sight, Mere man shall end this endless night. It has been twenty-seven long years since the last sunrise. For nearly three decades, vampires have waged war against humanity, building their eternal empire even as they tear down our own. Now, only a few tiny sparks of light endure in a sea of darkness. Gabriel de León is a silversaint: a member of a holy brotherhood dedicated to defending realm and church from the creatures of the night. But even the Silver Order could not stem the tide once daylight failed us, and now, only Gabriel remains. Imprisoned by the very monsters he vowed to destroy, the last silversaint is forced to tell his story. A story of legendary battles and forbidden love, of faith lost and friendships won, of the Wars of the Blood and the Forever King and the quest for humanity’s last remaining hope: The Holy Grail.

My name is John Cook, and my life began the day my heart stopped beating. You meet the most interesting men in Medieval prisons. This one time, I met a guy who offered me immortality for the low, low price of changing my diet. I didn't read the fine print. Because he wasn't talking about a gluten free diet. More like hemoglobin full! And now I'm a friggin' vampire with five centuries of pop culture references. Granted, at the time, I was listening to the dying screams of my mother and father being burned and eviscerated alive just outside the rusty bars of the prison cell, and my new best friend was offering me my only real chance at saving my own life and avenging my parents' murders—some day. Except my first chance at vengeance took about five hundred years, and I had to wade through oceans of sin and violence, blackening my soul—and my already dark sense of humor—beyond redemption until I met Father Thomes—a Roman Catholic Priest—in present-day Houston. Papa Thomes taught me how to use my dark curse to fight for the good guys. Like Alfred and Robin did for Batman—except we straight up murder Jokers and Two-Faces, Biteman and Pope'n. We stand up for the downtrodden, the forgotten, and the neglected?By exsanguinating the wicked in horrific, truly imaginative ways, and having a grand ol' time doing it. You know what they say about doing what you love?But our party is soon cut short when we learn the End of Days is just around the corner, and that the fine print of my contract might have hidden a few other tidbits. Like the fact that I was central to kicking off the Apocalypse, and that the Archdemons will stop at nothing to make sure The Dude Abides by the terms of his contract. I guess I need a lawyer. Get ready to laugh at extreme violence. I know I will. If you're not laughing, you're learning.

Atticus O’Sullivan, last of the Druids, lives peacefully in Arizona, running an occult bookshop and shape-shifting in his spare time to hunt with his Irish wolfhound. His neighbors and customers think that this handsome, tattooed Irish dude is about twenty-one years old—when in actuality, he’s twenty-one centuries old. Not to mention, He draws his power from the earth, possesses a sharp wit, and wields an even sharper magical sword known as Fragarach, the Answerer. Unfortunately, a very angry Celtic god wants that sword, and he’s hounded Atticus for centuries. Now the determined deity has tracked him down, and Atticus will need all his power—plus the help of a seductive goddess of death, his vampire and werewolf team of attorneys, a bartender possessed by a Hindu witch, and some good old-fashioned luck of the Irish—to kick some Celtic arse and deliver himself from evil. Praise for Kevin Hearne and The Iron Druid Chronicles “Neil Gaiman’s American Gods meets Jim Butcher’s Harry Dresden.” —SFFWorld “[The Iron Druid books] are clever, fast paced and a good escape.”—Jason Weisberger, Boing Boing “Celtic mythology and an ancient Druid with modern attitude mix it up in the Arizona desert in this witty new fantasy series.”—Kelly Meding, author of Tempest “[Atticus is] a strong modern hero with a long history and the wit to survive in the twenty-first century. ... As the clans gather for the coronation of the next vampire queen, new alliances are beginning to form and the power of the clan leaders is threatened by a would-be usurper.

I wasn't supposed to fall in love with a werewolf, but he wasn't supposed to break my heart. But he did, and I can either wallow in misery for the rest of my life, or accept that being named after Little Red doesn't mean I have to remake all her mistakes. There's a world out there that doesn't know anything about fated mates, ancient vampire bloodlines, or hoods who magically control silver and have a permanent stick up their butts. (Or at least, the ones in my family do.) A world where I'm not constantly harangued by my mother to finally become the "wolf watcher" I was born to be and assume my rightful place at her side. And it's a world I'm growing to love, with its quirky humans, awesome Thai dumplings, and total lack of lupines... until the night an English werewolf shows up out of the blue and saves my life. Ali Tobias Somfield wants in return is a little help to track down some vampires. Only, what we discover when we do opens up our eyes to an entirely different kind of destiny. One that was laid down centuries ago when a warrior in a red hood and the alpha werewolf who loved her betrayed their own kind, creating enemies across the entire supernatural world in the process. Or was that really what happened at all, and will the truth, once revealed, save us or lead to our doom? And can we find some great kebabs some where along the way? The Red Chronicles is a mythpunked urban fantasy series spiked with comedy, mystery, and yes, a little romance along the way. Fur up and fly along!
